### ABOUT THE COLLEGE

P.A. College of Engineering and Technology (PACET) is approved by AICTE New Delhi, affiliated to Anna University, Chennai with ISO certification and accredited by NAAC with 'A' grade and also department of CSE, ECE, EEE & Mechanical got NBA accreditation. The College is located on the State Highway (SH-19) about 2 kms from Pollachi and 42 kms from Coimbatore. The Arul Jothi Charitable Trust promoted by Dr. P. Appukutty, Chairman and Managing Trustee with 35 years of experience in technical education has established this institution in 2008, with a vision to progress to become a center of excellence in engineering and technology through creative and innovative practices in teaching, learning and to promote research and development to produce globally competitive and employable professionals. The college has strong industry interaction and placement cell for enhancement of students' career.

The college offers five UG programmes (B.E in Civil, CSE, ECE, EEE and Mechanical), three PG programmes (M.E in CSE, PED and VLSI Design) and two Ph.D programmes in CSE and EEE.

### VISION OF THE INSTITUTE

"To progress to become a center of excellence in Engineering and Technology through creative and innovative practices in teaching-learning and promoting research and development to produce globally competitive and employable professionals who are psychologically strong and emotionally balanced with social perception and professional ethics."

### MISSION OF THE INSTITUTE

"To offer academic programmes in the emerging areas of Engineering and Technology, provide training and research facilities and opportunities to promote student and faculty research in collaboration with Industry and Government for sustainable growth."

**ABOUT THE DEPARTMENT**

The Department of Science and Humanities was established in the year 2008 with a vision to develop quality engineers to meet the current needs in the emerging world of engineering. The Department endeavours to educate the students to acquire knowledge in Mathematics and physical sciences, to enable them to communicate and use their skills constructively for the benefit of the society. The Department has an excellent team of faculty promoting the students towards a proactive attitude to achieve team spirit, social and ethical values apart from their curriculum.

**OBJECTIVES OF THE PROGRAMME**

This Seminar aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Mathematical models for space information processing. It also provides the premier inter disciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of space information processing and analysis.

**CONTENTS**

- Introduction to Space Information Processing and Analysis
- Application of Fuzzy Neural Networks in Pattern Recognition of Multispectral Images
- Modern Software Tools for Multichannel Image Processing
- Methods of Image Processing and Recognition Based on Wavelet Transform
- Innovative GIS technologies to Solve Natural Resources and Environmental Problems

**ELIGIBILITY FOR PARTICIPANTS**

Faculty from engineering colleges, PG students with relevant background, candidates
