ABOUT THE COLLEGE

P.A. College of Engineering and Technology (PACET) is approved by AICTE New Delhi, affiliated to Anna University, Chennai with ISO certification and accredited by NAAC with 'A' grade and also department of CSE, ECE, EEE & Mechanical got NBA accreditation. The College is located on the State Highway (SH-19) about 2 kms from Pollachi and 42 kms from Coimbatore. The Arul Jothi Charitable Trust promoted by Dr.P.Appukutty, Chairman and Managing Trustee with 35 years of experience in technical education has established this institution in 2008, with a vision to progress to become a center of excellence in engineering and technology through creative and innovative practices in teaching, learning and to promote research and development to produce globally competitive and employable professionals. The College has strong industry interaction and placement cell for enhancement of students' career.

The College offers six UG programmes (B.E in Biomedical, Civil, CSE, ECE, EEE and Mechanical), three PG programmes (M.E in CSE, PED and VLSI Design) and two Ph.D programmes in CSE and EEE.

VISION OF THE INSTITUTE

"To progress to become a center of excellence in Engineering and Technology through creative and innovative practices in teaching-learning and promoting research and development to produce globally competitive and employable professionals who are psychologically strong and emotionally balanced with social perception and professional ethics."

MISSION OF THE INSTITUTE

"To offer academic programmes in the emerging areas of Engineering and Technology, provide training and research facilities and opportunities to promote student and faculty research in collaboration with Industry and Government for sustainable growth."

ABOUT THE DEPARTMENT

The Department of Science and Humanities was established in the year 2008 with a vision to develop quality engineers to meet the current needs in the emerging world of engineering. The Department endeavours to educate the students to acquire knowledge in Mathematics and physical sciences, to enable them to communicate and use their skills constructively for the benefit of the society. The Department has an excellent team of faculty promoting the students towards a proactive attitude to achieve team spirit, social and ethical values apart from their curriculum.

OBJECTIVES OF THE PROGRAMME

This seminar focused on all aspects of energy material's dealing with energy storage, conversion, and device applications.

Energy resources also have future industrial growth and developments with societal impact. Seeing current energy crisis, scientific community has started focusing their research activities on energy related materials. This seminar gives some different idea of energy materials used for applications in the field of electronics, IT, Medical, and other energy resources

CONTENTS

- Introduction to Energy Materials
- Synthesis and fabrication Method of Energy Materials
- Analyse the Character and properties of Energy Materials
- Advantage and Application of Energy Materials

ELIGIBILITY FOR PARTICIPANTS

Faculty from engineering colleges, students with relevant background, candidates from industries, R&D organizations and faculty from arts and science colleges are considered on self-supporting basis.
