

YEARLY STATUS REPORT - 2023-2024

Part A	
Data of the Institution	
1.Name of the Institution	P.A. College of Engineering and Technology (Autonomous)
• Name of the Head of the institution	Dr.T.Manigandan
• Designation	Principal
• Does the institution function from its own campus?	Yes
• Phone No. of the Principal	04259221387
• Alternate phone No.	9865899226
• Mobile No. (Principal)	9443584648
• Registered e-mail ID (Principal)	manigandan_t@yahoo.com
• Address	Palladam Road, Puliampatti, Pollachi
• City/Town	Coimbatore
• State/UT	Tamil Nadu
• Pin Code	642002
2.Institutional status	
• Autonomous Status (Provide the date of conferment of Autonomy)	29/04/2019
• Type of Institution	Co-education
• Location	Rural

• Financial Status	Self-financing				
• Name of the IQAC Co-ordinator/Director	Dr.K.Saritha				
• Phone No.	04259221387				
• Mobile No:	8248027754				
• IQAC e-mail ID	iqac@pacolleges.org				
3.Website address (Web link of the AQAR (Previous Academic Year)	https://www.pacolleges.org/images/IQAC/AQAR_2022-23.pdf				
4.Was the Academic Calendar prepared for that year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	https://www.pacolleges.org/images/IQAC/Academic%20Calendar%202023-2024.pdf				
5.Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	A	3.03	2016	16/09/2016	31/12/2024
6.Date of Establishment of IQAC			17/06/2015		
7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?					
Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount	
Computer Science and Enginnering, Dr.R.Kavitha	ATAL FDP	AICTE	06/11/2023	3,50,000	
8.Provide details regarding the composition of the IQAC:					
• Upload the latest notification regarding the composition of the IQAC by the HEI	View File				

9.No. of IQAC meetings held during the year	4	
<ul style="list-style-type: none"> Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website? 	Yes	
<ul style="list-style-type: none"> If No, please upload the minutes of the meeting(s) and Action Taken Report 	View File	
10.Did IQAC receive funding from any funding agency to support its activities during the year?	No	
<ul style="list-style-type: none"> If yes, mention the amount 		
11.Significant contributions made by IQAC during the current year (maximum five bullets)		
<ul style="list-style-type: none"> NBA External audit has been conducted from 17.11.23 to 19.11.23. CSE, ECE, EEE. Mechanical departments have been accredited for 3 more years 		
<ul style="list-style-type: none"> Provided support for ensuring the quality of Curriculum and syllabus for the enhancement of Teaching and learning process 		
<ul style="list-style-type: none"> Conduct of regular IQAC Internal meeting, assessment and action taken 		
<ul style="list-style-type: none"> Students and faculty members were motivated to organize and attend FDP/Conference/Workshop/Seminar in reputed institutions 		
<ul style="list-style-type: none"> Participation in NIRF and Stakeholder's feedback reviewed. 		
12.Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:		

Plan of Action	Achievements/Outcomes
Implementation of enriched Regulations 2022 Curricula and Syllabi	1. Students participated and won prizes in co curricular activities. 2. E-resource content is developed and department blogger is created
NBA Reaccreditation	NBA External audit has been conducted from 17.11.23 to 19.11.23. NBA accredited for CSE, ECE, EEE. Mechanical
NIRF	NIRF details were submitted on 11.01.24
MHRD - AISHE	AISHE details were submitted on 04.01.25
Submission of AQAR for the year 2022-23	AQAR for the academic year 2022-23 was submitted on 26.04.24
IQAC Internal Academic Audit	Conducted for all the departments and report prepared.
To apply for funds to organize seminars/conferences/workshops	Grants received Rs 3.5 Lakhs from various funding agencies
Consultancy Activities	1.313 lakhs Revenue generated from Consultancy during the year
Publish papers in Quality journals	43 papers were published in various journals
To improve Patent filing	12 Patents have been filed during this academic year
To organize quality enhancement programmes to students, teachers and administrative staff.	The same has been conducted
13. Was the AQAR placed before the statutory body?	Yes
<ul style="list-style-type: none"> Name of the statutory body 	

Name of the statutory body	Date of meeting(s)
Governing Council and Academic Council	27/10/2023

14. Was the institutional data submitted to AISHE ?	Yes
--	------------

- Year

Year	Date of Submission
2023- 2024	04/01/2025

15. Multidisciplinary / interdisciplinary

The National Education Policy envisions providing high-quality education that meets global standards, embracing diversity across all curricula, pedagogy, and teaching-learning processes, while integrating technological innovations. The institution offers a variety of engineering programs, providing students with a broad array of options. These diverse courses foster interdisciplinary learning, enabling students to explore and excel in other areas through interdisciplinary electives and minor courses in different engineering fields. The curriculum combines mathematics, sciences, management, career development, values and ethics, humanities, computer science, and core engineering subjects. Engineering programs already include 10-15% of courses in science and humanities. The institution offers flexibility in program completion through the Choice Based Credit System (CBCS). Additionally, students are required to undertake two socially relevant projects as part of their curriculum. The institution plans to establish a research mentoring committee, consisting of experts from various engineering disciplines and relevant sciences, to guide and support its research initiatives. Key areas of research in engineering, technology, sciences, and management will be identified, and research clusters will be formed, bringing together faculty and students from diverse disciplines to collaborate on interdisciplinary research.

16. Academic bank of credits (ABC):

Response: The institution is actively promoting awareness and providing necessary support to help all students create accounts in the 'Academic Bank of Credits' (ABC). It has registered under the ABC system and plans to utilize this facility in future academic

regulations, offering programs with multiple entry and exit points. The institution is also working towards collaborations with top 100 institutions in the QS and Times Higher Education rankings, focusing on curriculum delivery, joint research, student exchange, and faculty exchange. As part of future revisions to academic regulations, a credit transfer facility will be introduced to align with these collaborative commitments. The courses are analyzed during curriculum design to address any curriculum gaps. Broad knowledge areas are identified based on the guidelines of American Professional Societies and the curricula of National and International Centers of Excellence. Courses within each knowledge area are listed in an ascending order of complexity. A prerequisite flowchart for courses is developed. Course content is designed to ensure sequence, continuity, integration, articulation, and balance. The Board of Studies (BOS) for the program oversees the entire curriculum design and development process, with periodic reviews. Students are made aware of and trained to register on the ABC portal. Future academic regulations will be designed to accommodate programs with multiple entry and exit points.

17.Skill development:

Response: The institution offers vocational and skill-based programs under various UGC schemes and plans to introduce courses focused on soft skills, aligned with the National Skills Qualifications Framework (NSQF). The institution provides several mandatory non-credit courses aimed at raising awareness among students about the Indian Constitution and their social responsibilities. Additionally, the Yoga Centre on campus offers an add-on course, "Yoga for Positive Health." The institution has partnered with industry professionals to deliver skill-training programs in various vocational fields. The institute also runs a skill development course, Infosys Campus Connect, designed to enhance students' soft skills, with many students successfully placed in multinational companies (MNCs).

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Response: The institution aims to teach students how to understand, integrate, and apply traditional knowledge to real-life situations. To support this, the Department organizes workshops that train students and document the live processes involved in creating traditional crafts. Additionally, the Department has been actively involved in revitalizing cultural resources to communicate positive messages within society. The faculty and staff at the college receive ongoing training in both English and Tamil. Many faculty

members are also proficient in the local vernacular, enabling them to confidently teach in both languages. Various undergraduate and postgraduate courses offered by the Departments of Civil Engineering, Computer Science Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, and Mechanical Engineering conduct events that promote Indian languages and traditional knowledge. Efforts to integrate Indian art and culture into the teaching-learning process will be further strengthened. The connection between education and culture will be enhanced through online platforms like SWAYAM, providing both teachers and students with a structured, user-friendly set of tools to track and monitor learner progress.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Response: The college offers four NBA-accredited B.E. programs, with the Twelve Graduate Attributes playing a crucial role in shaping the Outcome-Based Education (OBE) curriculum. Efforts were made to align the program outcomes (POs) with the NBA guidelines. The Program Educational Objectives (PEOs) were defined in line with the college's vision and mission, incorporating feedback from stakeholders. The specifications provided by professional associations and bodies were also considered. Each department has developed Course Outcomes (COs) for courses across various programs, which are mapped to the POs and Program Specific Outcomes (PSOs). To calculate attainment levels at the individual level, regular in-house workshops are conducted for faculty, supported by Excel-based implementations. The departments have developed COs for the courses within each program, ensuring alignment with POs and PSOs. For individual attainment computation, regular faculty workshops are held. As part of the implementation process, faculty members begin by creating detailed lesson plans. These lesson plans define unit-wise engagements based on their weightage for evaluation and assessment. Each unit is mapped to specific COs. When preparing question papers, careful attention is given to ensuring that unit-wise coverage corresponds to the assigned weightage, and that COs and Bloom's Taxonomy levels are properly specified. Question papers undergo moderation to verify these aspects. In addition to evaluating student performance, the marks awarded for each question are mapped to the corresponding COs for further analysis, leading to the establishment of CO/PO alignment. The institution organizes training programs and workshops to facilitate the implementation of OBE across the college. Outcome-Based Education (OBE) is a pedagogical model that restructures curriculum, teaching methods, and assessment practices to focus on achieving higher-order learning outcomes. This model enables students to transfer their credits and

switch to other OBE-accredited institutions. With an increasing demand for vocational training, students seeking new skills to advance their careers will benefit from this flexible approach.

20.Distance education/online education:

Response: Technology integration should ideally guide, expand, and enhance learning objectives. Curriculum integration with technology occurs when technology is used as a tool to enrich learning within the content area. Effective technology integration is achieved when students can select appropriate technology tools to access information efficiently, analyze and synthesize it, and present it professionally. In alignment with the global trend of utilizing technological tools to enhance the teaching-learning process, various tools are currently being employed in the Open and Distance Learning (ODL) mode: Collaborative tools like Google Forms and Google Docs are used for information sharing and data collection. Social media platforms such as YouTube and Zoom/Google Meet are utilized to engage students through classes and presentations. Digital platforms are used for delivering home-based assignments to students. Specialized knowledge-based classes on critical topics are delivered through social media and other related platforms. Blended Learning Approach: Blended learning offers significant flexibility and is often more effective than traditional learning methods. Some key areas where continuous efforts are being made to integrate blended learning include: Enhancing student engagement in the teaching-learning process by incorporating technology into the curriculum. Improving teacher-student interaction. Achieving better student learning outcomes. Collecting student feedback and relevant data to quickly analyze, review, and address areas of concern. Allowing students to learn at their own pace. Granting students learning autonomy through the use of e-learning materials and resources. Providing home assignments to all students, encouraging dedicated self-study hours for program completion. Conducting Viva Voce examinations for all research-based courses.

Part B

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Response:

Institution after becoming autonomy in 2019, framing of curricula and expected outcomes for different courses are decided by applying recognized and expected attributes of graduates in engineering. The programmes include Foundation courses (Basic Science, Engineering Science, Humanities and Social Science),

Professional Core, Professional Electives including industry designed and offered electives, Open Electives, Employability Enhancement Courses, Online Courses, Self study courses and Value Added One Credit courses in curricula for providing strong theoretical and practical foundation with an emphasis on Social / Professional responsibility and Ethical / Environment and Sustainability related issues. Industrial sponsored laboratories are part of curricula. Students are encouraged to undergo industrial visit, Training / Internship and earn eligible additional credits.

The Institution has been practicing Outcome Based Education(OBE). Undergraduate programmes (CSE, ECE, EEE, and MECH) have been accredited by NBA. Institution and departments have its vision and mission. Each programme defines its PSOs along with POs and each course has its Course Objectives and Course Outcomes in alignment with Institution Mission/Vision.

All UG and PG programmes adopt Choice Based Credit System(CBCS) .Major revisions of regulations along with curricula and syllabi are done once in four year. Minor revisions recommended by board of study are incorporated in course content.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Response :**Human Values**

In order to integrate the cross cutting issues relevant to gender, environment and sustainability, human values and professional ethics, the Institution has incorporated a variety of courses into its curriculum, some of which focus on professional development while others aim to instil general competences such as social, ethical, and human values, as well as environmental sensitivity, resulting in students' holistic growth. The courses on Ethics and Human Values through NSS, Environmental Studies are embedded in the curriculum of all programmes.

1. Gender Sensitivity

There are many platforms for hands-on experiences related to gender sensitivity which enable students to interface with real life situations such as field work, community outreach, and gender sensitization activities under Women's Development Cell (WDC)

2. Human Values and Professional Ethics

A course of three credits on human values "Professional Ethics in Engineering & Technology Management" is offered as Subject to all the students during the programme of study

3. Environment studies

All UG programmes contain a three credit course in environment studies. A variety of activities, such as seminars, workshops, guest lectures, company visits, and field excursions were scheduled for students of all programmes to raise awareness about environmental and sustainability issues.

Any additional information	View File
Number of seats filled against seats reserved (Data Template)	View File

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

Response:

The institution has planned different strategies which are implemented to address the issues of diversity in students' learning levels. The actual stratification of students into slow and advanced learners is based on their performance in the first internal test and a continuous follow up is taken up by the teaching faculty, faculty advisor and the Head of the department. Remedial classes are arranged for slow learners beyond the regular class schedule for all courses and individual attention is made for improving students' learning level. The needs of the slow and advanced learners are taken care through assignments, seminars, mini-projects, power point presentation which are found to yield good results as all the students are benefited. The soft and communication skills are given special emphasis for the students from rural background and thereby bring them at par with regular learners. To support both the slow and advanced learners, college conducts value added courses and through association, various seminars, webinars, workshops, symposium, conferences and project contest are conducted. Students are encouraged to do NPTEL courses. Separate aptitude training and coding contest are conducted for employability. The feel of recognition and appreciation of their efforts and skills put them in a good stand.

2.2.2 - Student – Teacher (full-time) ratio

Year	Number of Students	Number of Teachers
01/06/2023	1594	133

File Description	Documents
Upload any additional information	View File

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Response:

In the four-year engineering programme, the examination comprises two components, the internal assessment component for 40% and the end semester examination component for 60%.

For the Internal assessment, there are three cycles tests spread evenly over the entire period of the semester. The tests are conducted centrally for three days, for about one and half hour with two tests per day.

Students are encouraged for their creativity and critical thinking for innovative projects. Some of the projects lead to publications in refereed international journals.

Guest lecture by eminent experts from industries and reputed institutions are organized to supplement the teaching process and provide experiential learning. Every student is required to go for at least one industrial visit every year. Value added courses shall be offered by the departments with the prior approval. The purpose of the course is to permit the students to study a course of the student's choice.

The institute has adopted the e-learning technology like NPTEL lectures; Anna University sponsored 'EDUSAT' lectures and Quality Enhancement in engineering Education. Under this, faculty members are encouraged to participate in the live classes and virtual labs, tutorials offered by IIT professors.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

Response:

It is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional mode of instruction to engage students in long term learning. College uses Information and Communication Technology (ICT) in education to support, enhance, and optimize the delivery of education. The following tools are used by the Institute ICT Tools:

1. Projectors are available in different classrooms/labs. 2. Printers are installed at Labs, HOD Cabins and all prominent places. 3. Multifunction printers are available at all prominent places in the institute. 4. Seminar halls are equipped with all digital facilities. 5. Smart Boards are installed in the campus. 6. Auditorium is digitally equipped with mike, projector, cameras and computer system. 7. Online Classes are conducted through Zoom, Google Meet, Microsoft Team, and Google Classroom.

Faculty members are encouraged to use power-point presentations by using LCD's and projectors. They are also equipped by digital library, online search engines and websites to prepare effective presentations. Seminar and Conference rooms are digitally equipped where guest lectures, expert talks and various competitions are regularly organized for students. Students are counselled with the help of Zoom / Google meet applications.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Response:

Preparation and adherence to Academic Calendar:

An academic calendar is prepared every semester based on the University academic schedule. Academic calendar provides the total effective working days available in a given semester also the course plan is prepared before the start of the semester with the help of the Academic Calendar. It includes date of the meetings, examination dates, schedule of association activities and other forums, holidays etc. On the basis of academic calendar, timetable, lesson plan, course file is prepared. Thus, the academic calendar helps to monitor the effective delivery of the program.

Preparation and Adherence of Teaching Plan:

The concern faculty member prepare teaching plan for their respective subjects as per the credit allotted in the syllabus (60/45/30 hours). The content delivery mode includes class room teaching, case studies, role play, workshops and lab session

as per the subject requirements. The Principal and HODs monitor the progress of each course and ensures timely and effective completion of course in the specified time frame with perfect blend of practical and theoretical inputs. Adherence to the teaching plan is followed by the faculty and details are recorded in the personal logbook.

Upload any additional information	No File Uploaded

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

Response: Examination Process and Evaluation

The COE issues the timetable, two weeks before the commencement of the Semester Examinations. A Nominal Roll is prepared for the examination and COE appoints a Question Paper setter for each course with the approval of the Principal. Then, the Question paper is scrutinized in the COE office confidentially and printed for further process. After the centralized valuation of answer

scripts, the results are published on the College website by obtaining approval from the Result Passing Board.

Processes integrating IT

The Examination Hall Tickets are printed using COE portal software with their corresponding details and distributed to the students through HODs. Following the completion of each subject's examination, a random number will be generated using the COE portal, and the COE will arrange for the numbers to be affixed to the answer booklets.

Continuous Internal Assessment System The Internal test dates are communicated to the students through a circular and two sets of question papers are received from the concerned department based on Bloom's taxonomical verbs. The COE chooses one set of question papers for examination and the centralized valuation is carried out in the COE office. After evaluation, the internal test papers are distributed to the students. The marks will be uploaded to the COE portal after verification.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Response:

- **Program Outcomes (POs):** It represents the knowledge, skills and attitudes the students should have at the end of a course completion of their respective engineering program.
- **Course Outcomes (COs):** It gives the resultant knowledge and skills the student acquires at the end of each course. It defines the cognitive processes a course provides.
- **Program Specific Outcomes (PSOs):** These are statements that define outcomes of a program which make students realize the fact that the knowledge and techniques learnt in this course has direct implication for the betterment of society and its sustainability.

- POs, PSOs and COs are framed for the courses involving all the faculty members of the department and approved in the BOS, Academic council meeting and displayed in the Institution website, kept in prominent locations of the campus.
- The course outcomes and their mapping with program outcomes and program specific outcomes are elaborately discussed and derived by the course committee members before the commitments of class.

The importance of the learning outcomes has been communicated to the students in the commencement of class and class committee meetings

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

Response:

- Course Outcomes (COs) are defined for each course and they are mapped to POs and PSOs with weightages of 3 (Strong), 2 (Medium) and 1 (Weak).
- A set of performance evaluation criteria is used for quantitative assessment of POs, PSOs and Cos.
- Assessment methods include direct and indirect methods.
- Direct method is based on internal test and end semester examination ,(Internal (40% weightage) and External exam (60% weightage)
- The internal test performance of the students during the semester in each course is used to compute the level of attainment of the POs, PSOs and COs through the mapping of questions to POs, PSOs and COs.
- The indirect assessment is done through the Programme - Exit survey and Alumni Survey.
- Rubrics are formulated for the assessment of Laboratory, Project, Seminar and Internship courses.
- The attainment of Course Outcomes of all courses with

respect to set attainment levels are given below

% of CO attainment

>=70%

60% to 70%

50% to 60%

CO attainment level

3

2

1

- For each course, the level of attainment of each CO is compared with the predefined targets, and if not attained, the respective faculty takes necessary steps for improvement.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

Response: The institute provides all necessary infrastructural facilities and a conducive environment to promote research activity in the campus. Faculty is encouraged to apply for various funding agencies and pursue their research. The faculty and students are encouraged to present their ideas / project proposals before the research committee. The faculty and students are given freedom to choose the research area of their choice and guidance is given to seek funding from various funding agencies and industries. The institute encourages the faculty by providing incentives for peer reviewed publications, writing books and filing patents. The institute takes care of the patent filing process, which is governed by the Research policy of the institute. A thorough review is done for all research proposals seeking funds from various funding agencies by consulting the research committee members. This committee also monitors the impact of research and consultancy and ensures non-violation of research & consultancy ethics, professional ethics, privacy of the people, human rights, causing problems to health & safety of human beings and damage of the property. Research Centre is established in CSE and EEE department of the institute with necessary software and computing facilities for carrying out research activities.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Response:

The Institution has four recognized research centres to assist research faculty members and scholars with conducting effective research. This would give the students a significant advantage in developing their prototypes of their research projects. 23 PhD's are produced by the research centres established in the college and 9 research scholars are working actively in these research centres under 4 recognized guides.

Through research and development, 36 patents are registered for the past five years. Documentation, publication of research papers, and the acquisition of patents support will be provided by the institution.

Students and faculty members are encouraged to participate actively in the use of technology to meet societal requirements, and entrepreneurship awareness events. Through EDC, awareness meets, workshops, seminars and guest lectures on entrepreneurship

areorganized. Students are provided opportunities to directly interact with outstanding entrepreneurs excelling in their field throughonline and offline mode. Also, college conducts various sponsored programme to enhance students' mental health and to improve facultyteaching methodologies. The institution has recognized as host institute for implementation of Incubation Centre under MSME Innovative Scheme (MSME Champion Scheme). The approach offers distinct aspects of intellectual growth and development of individual students as futureengineers to suit the growing needs and aspirations of the nation in future.

3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

Response:

The college organizes a number of extension activities to promote institute-neighbourhood community to sensitize the students towards community needs. The students of our college actively participate in social service activities leading to their overall development. The college runs effectively National Service Scheme, Youth Red Cross, Red Ribbon and Standard clubs. Through these units, the college undertakes various extension activities in the neighbourhood community. National Service Scheme organizes a seven day camp in nearby adopted village and several activities were

carried out by National Service Scheme volunteers addressing social issues which include cleanliness , tree plantation ,water conservation through Social interaction, Group discussion Environmental awareness, Women empowerment, National Integrity, Aids awareness, Blood donation camp, Health check-up camp etc. Music club, Tamil Mandram, English club and department associations often meet the members of the society through their scheduled programmes and impress them to be the responsible citizens that they want to see others in this world.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

Response:

P.A. College of Engineering and Technology campus encompassing state of art infrastructural facilities like adequate classrooms, laboratories, auditorium, conference hall, seminar halls, central library, hostels, and lift. The college maintains an updated

website which provides detailed information about the institution and various events happening in the college.

Classrooms:

The college has 41 well-lit and ventilated classrooms with wide corridors. The size of each classroom is as per the norms specified by AICTE. Each department has ICT enabled class rooms with LCD projector and Wi-Fi connectivity for successful incorporation of technology in teaching.

Laboratories and computing equipment:

There are 51 fully equipped laboratories with advanced equipments in the college. Each department has its own computing facility with the latest software to meet their own requirements for carrying out academic and research work. The college has 866 computers. The central library is equipped with a digital laboratory to access the e-resources.

Incubation Centre, Research & Development and Online Course facilities:

The college has well established development centres, which provides first-hand experience in entrepreneurship and promotes innovation activities. The college has research centres in the departments of Electrical and Computer Science Engineering, which enable the faculty and PG scholars to pursue Ph.D.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

Response:

PACET provides a multitude of extra-curricular activities to enrich lives beyond academics. It has well-furnished sports facilities for both indoor (table tennis, chess and carom) and outdoor games (Football, Volleyball Court, Ball Badminton Court,

Handball Court, Basket Ball Court, Cricket Nets (Concrete and Turf Wicket). PACET conducts Anna University zonal tournaments, inter zonal tournaments, Intra and Inter department tournaments and Intramural tournaments. Yoga centre and gymnasium are available to make the student more fit mentally as well as physically.

Cultural Activities:

It plays an integral role in leisure management. Students' induction program has a separate schedule for creative Arts as mandated by AICTE. streamlining the positive energy in a constructive manner, cultural events act as binding force for the students. Many activities are offered to ensure that the students have plenty of scope for entertainment and change 'outside the classroom'. Fests like "PAnchamitra", Annual Day, Music Club events, Tamil Mandram activities and Women's day celebrations are part of our academic system.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Response:

The Library has AUTOLIB software package, which is an integrated multi-user library management system that supports all in-house operations of the Library. The database of books available in the Library is being updated regularly. Records of all the Library users have also been created in the AUTOLIB package. All the library activities are computerized, including circulation and separate On-line Public Access Catalogue (OPAC) terminals for searching books in the library. All members are encouraged to utilize books for their references.

Library Activity includes

- Book issue / Return
- Due Reminder for Students / Staff
- Fine Reports
- OPAC (Book search Engine)
- Journal Entries / Book Entries /CD Entries...etc
- Member Entries

4.3 - IT Infrastructure	
4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities	
Response:	
With the increasing demand of internet access in educational institutions and flexibility offered by the Internet - universities, colleges, educational institutes etc., are keenly stepping forward to setup secured and stable wired or Wi-Fi	

network campus for the students. As per the current trend, most of the students like to carry 3-4 devices with them like mobile, tablets, laptops, iPads etc. We are providing BSNL lease line of 300 MBPS and Wi-Fi facility to students and Faculty at both hostel as well as in campus. The connectivity through a fully networked campus with state-of-the-art IT infrastructure, computing & communication resources, offer students the facilities of e-mail, net surfing, up/down loading of web-based application, besides helping them in preparing projects & seminars. In addition, the Sophos XG firewall is installed to prevent illegal access of internet. Anti-Spyware & Anti-Spam, Intrusion Prevention System (IPS), Content & Application Filtering, Web Application Firewall, Application Visibility & Control, Bandwidth Management, Multiple Link Management for Load Balancing and Gateway Failover, over a single platform.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

Response:

The Institution maintenance is carried out by a set of people. Some of the maintenance work carried out by in-house are as follows

- To provide a good infrastructure, measures are taken for the proper maintenance of buildings, furniture and fittings.
- Repairs are resolved by the maintenance in-charges round the clock.
- Central library supports by providing text books, reference books, journals and periodicals.
- Power supply, Generators and Electrical Repairs are handled

effectively to facilitate the campus with reliable electric power.

- To ensure proper water supply to the Institution.
- The Institute has RO plant, which provides 24X7 drinking water facility.
- Wash rooms and gyms are well maintained.
- Lab equipment is being maintained with proper maintenance schedule.
- Separate housekeeping team is engaged for cleanliness of the campus.
- Proper care is provided for emergency like medical and fire.
- Garden is maintained regularly.
- The college has canteen facility where subsidized food is available for staff and students.
- Every Department has a faculty in-charge who checks periodically the condition of classroom/laboratory amenities like benches, chairs, black boards, fans, lights and LCD's.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Response:

The Student Council is formed to facilitate the students in academic, co-curricular and extra curricular activities, learn planning, organization, analysis and execution along with problem solving skills. This council consists of

- IQAC helps to develop the system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- Class Committee encourages students to interact and express their opinions, suggestions in order to improve the effectiveness of the teaching-learning process.
- Department Associations encourage students to enrich their academic activities and develop leadership qualities.
- Student grievance and welfare committee addresses student grievances, maintains harmony and discipline among the students.
- Anti-Ragging committee ensures zero ragging incidents in the Institution and also spreads awareness among students against any type of ragging activities.
- Music club and Tamil mandram co-ordinates various cultural

activities and showcase students cultural talents.

- Through Sports, students actively participate in various sports events held within intercollegiate, interuniversity, State, National and International level.
- WDC encourages the girl students to actively take part in social activities to develop leadership qualities.
- EDC/NSS/YRC/RRC Committees are active in carrying out different activities in rural areas, to enhance social awareness and personality development of students.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

Response:

P.A. College of Engineering and Technology, (Autonomous), Pollachi has a strong community of alumni who actively support in the development of the institution. PACET alumni are spread all over the world in different cities in Canada, Australia, Germany and UAE etc. Our alumni interact with students and faculty members through several activities including reunions and alumni meets held annually. The alumni association makes significant contributions to meet the financial and non-financial needs of the institution. The following is a list of contributions made by the

Alumni Association:

- Department level alumni meetings are conducted by the Alumni Association every year.
- The alumni members are invited to the college periodically to share their views about work experience and changes in the requirements of the various multinational employers. These interaction practices afford for corporate expectation to pedagogy.
- Our Alumni are recruited in reputed institutions and foreign countries and also as a successful entrepreneur of national and international concern that fulfills the vision and mission of our institution.
- The Alumni Association of the college continues to render valuable service to the college by upholding the reputation of the institution individually and by upholding social responsibilities as human beings collectively.

GOVERNANCE, LEADERSHIP AND MANAGEMENT**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

Response:

Vision of the Institute

To progress to become a centre of excellence in Engineering and Technology through creative and innovative practices in teaching learning and promoting research and development to produce globally competitive and employable professionals who are psychologically strong and emotionally balanced with social perception and professional ethics.

Mission of the Institute

To offer academic programmes in the emerging areas of Engineering and Technology, provide training and research facilities and opportunities to promote student and faculty research in collaboration with Industry and Government for sustainable growth.

Perspective Plans:

1. Effective Teaching & Learning Process
2. Research and Development
3. Catering to the social needs
4. Self-Learning & Modern tool usage
5. Creating entrepreneurs for the betterment of the nation.
6. Skill development and Employability

Participation of the teachers in the decision making bodies:

The governance of the PACET is decentralized with Governing Body, Academic Council, Standing Committee, Board of Studies and Administration. The Major academic decisions are taken by above academic bodies which also include members of faculty from various departments. The Governing Council is responsible to determine the future direction, oversee the Institution activities and foster an environment in which the vision and mission of the Institution are achieved.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Response:

The institution has a mechanism of providing operational autonomy to various functionaries in order to ensure a decentralized governance system.

- Chairman empowers the Principal in all the academic and administrative activities of the Institution. Principal is the Chairman of Academic Council, member of Governing Body and Chairman of IQAC. Meetings are held frequently by him to discuss various agenda. Principal nominates faculty members for different committees in consultation with Heads of the Department. The academic policies are framed on the recommendations by different committees that include faculty members and administrative heads.
- The Head of the Department being the Chairman for Board of Studies ensure the curriculum and syllabi framed in line with the expectation of the Industry. The Head of the Department has the authority in deciding the activities and allotting the responsibilities to all faculty in respective departments. The department decides timetable, subject allocation, purchase and maintenance of equipment and consumables, organizing guest lectures and workshops and recommends necessary industrial visits, in-plant trainings, MoUs with University/Industry.
- Faculty members who head various committees execute their assigned activities.
- Students have autonomy in selection of electives, organizing department associations and college functions.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

Response:

Teaching and Learning Process

An academic calendar is prepared every semester based on the University academic schedule. On the basis of academic calendar, timetable, lesson plan, course file, lecture notes, laboratory manuals are prepared. The students are continuously assessed throughout the semester and the evaluation is done based on the internal test, model and university examinations. Internal test enable the faculty to identify the advanced and the slow learners. Advanced learners can opt for value added courses, challenging assignments and experiments. Slow learners are given remedial coaching. Teaching learning process is facilitated through ICT facilities. E-content materials and NPTEL videos are also used to deliver lectures. Webinars are also organized on latest technologies to strengthen the technical knowledge to students on emerging trends. Students are also supported with enrichment programs like symposiums, seminars, workshop, guest lectures, conferences, project contests and value added courses. In-plant trainings are held to help students for getting industrial experience. The student-centric methods followed in teaching and learning process ensure interactive, participative and experiential learning in academic, cocurricular and extracurricular activities. Placement trainings such as aptitude, soft skills, technical, group discussions, student Personality Development, mock interviews are conducted to improve student employability.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

Response:

A Governing body comprising of Chairman, Principal and Trust members meet regularly for effective implementation of the policies.

The policies and procedures on academic matters are taken care of by an Academic Council.

Each department in the institute is headed by a Head of the Department who in turn functions taking the guidance from Principal and Board of Studies which formulates the curriculum for the undergraduate and post graduate Programs. The Board of studies is constituted for all the programs of study. The composition of Board of Studies includes experts from academia, industry and alumni for which the Head of the Department functions as the Chairman.

Supporting facilities are provided for smooth functioning of the institute by Finance, administration, Learning Resource Centre, Computer Centre, Physical Education, Maintenance Cell in addition to Security services.

Various committees such as Anti-Ragging, R&D, Finance, Purchase, Professional Bodies, Grievance, Anti-Sexual harassment etc., have been constituted at the institute level involving faculty and students for smooth functioning of the institution. All these committees function under the overall guidance of the Principal.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

Response :

The institution has effective welfare measures. The Institution recognizes all its employees as the most valuable resource and provides a caring and supportive working environment which enables them to develop and optimize their full potential. However, staff members are expected to contribute and participate effectively in achieving the college's vision and mission.

Various welfare schemes are provided for the benefit of teaching and non-teaching staff in the institution

1. Sabbatical leave, Vacation leave, medical leave, maternity leave, earn leave, PF for all faculty and staff members.

2. Free transport for non-teaching staff and subsidized rate for teaching staff.

3. ATM facility in campus.

4. Faculty who handle value-added courses is benefitted with remuneration.

5. All the teaching and non-teaching members are covered under accidental insurance which is made mandatory in the institution.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly

Response:

The Institution has established a mechanism for conducting internal and external audits on the financial transactions every year to ensure financial compliance. Internal audit is conducted twice a year by the financial committee of the institution. The committee thoroughly verifies the income and expenditure details and the compliance report of internal audit is submitted to the management of the institution through principal. External audit is conducted once in every year by an external agency.

Mechanism for settling audit objections:

Internal Audit: Copy of Budget proposals, invoice, vouchers, and supporting documents of every purchase /event is maintained in the respective departments and the original documents are sent to the accounts office of the Institution. The details of all the expenditures / transactions of the entire financial year is consolidated and maintained at the accounts office and submitted to Finance Committee at the end of the each semester.

External Audit: External audit of the institution is conducted once in a year by the chartered accountant. The External Auditor expresses their opinion on the financial Statements of the Institution based on their Audit. They conduct the Audit in accordance with Standards on Auditing issued by the Institute of Chartered Accountants of India.

6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Response:

Mobilisation of Funds: -

The institution is a self-financed Autonomous and hence the source of income is only the fee collected from students. For major expenses the management either avail bank loan or transfer funds from other institutions under its trust. other sources of financial revenue include:

- Research Project grants
- Sponsorships from funding agencies like CSIR, AICTE, DRDO, TNSCST etc for organizing events, conferences, seminars etc.
- Participation fee in various conferences, workshops, seminars organized by the institution
- Consultancy Activities

Optimum utilization of funds is ensured through: -

- Adequate funds are allocated for effective teaching-learning

practices that include Orientation programmes, Workshops, Inter-disciplinary activities, Training programmes, co-curricular activities/extra-curricular activities that ensures quality education.

- Budget is utilized to meet day to day operational and administrative expenses and maintenance of fixed assets.
- Enhancement of library facilities needs to augment learning practices and accordingly requisite funds are utilized every year.
- Adequate funds are utilized for development and maintenance of infrastructure of the institution.
- Some funds are allocated for social service activities as part of social responsibilities through NSS and RRC.
- The institution applies for funding for taking up major research projects, workshops, seminars and conferences from funding agencies. This amount is exclusively used for intended purpose.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Response:

Practice 1: Ensuring and monitoring Academic Excellence and Objective

The Annual Academic planning is important for the smooth functioning of the Institution. Every year at the commencement of the academic session IQAC ensures that all the departments are in line with the Academic plan designed to achieve the CO, PO and PSO. To ensure this, IQAC conducts regular audits based on the formats and checklists designed for specific academic parameters. Audit report is shared to the Departments with duly signed by the

Principal. Corrective action has been taken based on the report.

Practice 2: Use and enrichment of ICT infrastructure

The use of ICT tools has become an integral part in teaching-learning process. IQAC always encouraged teachers to utilize these tools in classroom teaching and laboratories. IQAC prepares the plan to include the use and enrichment of ICT infrastructure expecting from each department. The educational use of social media has also been utilized to establish communication with the students and peers.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Response:

Example 1: Academic review through periodical meetings

- Management review meeting conducted by IQAC twice in a year, to review quality policy, modification of quality parameters, stakeholders feedback analysis, continual improvement, infrastructure development.
- The IQAC conducts periodical meetings with the Composition members throughout the academic year to ensure the teaching learning process maintains the quality consistently.
- The Principal periodically conducts HODs meeting to review teaching learning process.
- Head of the academic department conducts meeting with their department faculty members to review teaching learning process.
- Head of the academic department conducts three classand course committee meetings in every semester about the teaching learning process. Example 2: ISO External Audit
- Institution is ISO 9001: 2015 Certified. IQAC conducts external ISO 9001 audit every year to ensure quality. ISO

9001 provides specific framework for educational organization. Also, to improve the satisfaction of their learners by improving the education processes and ensuring conformity to learners' requirements. Adopting ISO 9001 in institution can help to improve the overall teaching and learning standards of institutions through standardizes and effective processes and management systems. ISO 9001 can contribute a lot to improving the formative processes that positively affect the students' learning and overall satisfaction in the institution.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities**7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year****Response:**

PACET has a strong ethical work culture that is based on inclusivity. It observes the highest ethical standards in all its activities. Equal opportunities are provided to all individuals' irrespective of gender, race, caste, colour, creed, language, religion, political or other opinion, national or social origin, property, birth or other status. Its unique work culture, healthy traditions and ethoshaveled to enrolment of 60% women students and 40% women staff. Safety, security and well-being, along with gender equity and friendly working atmosphere are the issues of prime concern to PACET. Gender sensitivity is an inherent value in the cultural ethos of the institute and its neighbouring community, as is evident by the following facilities.

- Hi-Tech Surveillance system
- Hostel
- Security personnel
- Medical Facilities
- Counselling
- Common rooms
- Women Development Cell
- Anti-sexual Harassment cell
- Grievance Redressal Cell

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

Response:

- Solid waste management

'Use and throw' items are not at all permitted to use in the campus. Paper and metal waste are collected and disposed through vendors. Food waste and non-biodegradable waste are collected in separate bins. Biodegradable waste is disposed off in pit and converted into manure.

- Liquid waste management

Waste water generated from the sanitary facilities is disposed off into septic tanks located at different places in the campus. Waste water generated from the laboratories is very small in quantity, hence they are handled along with septic sewage. RO plant wastewater is collected and utilized for gardening through drip irrigation.

- E-waste management

A team of our faculty members with students of Computer Science and Engineering has optimized its inventory of all computers through reassembling, modification and up gradation. The e-waste generated from hardware which cannot be reused or recycled is being disposed off through vendors.

- Hazardous chemicals and radioactive waste management

Chemical wastes from chemistry lab and environmental lab has the nature of toxin is very less and so no such requirement is necessary. Disposal procedure is mandatory in order to collect and dispose of chemical waste safely and efficiently

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

Response:

PACET is always at the forefront of welcoming diversity, boosting self-esteem, encouraging students to speak up, and demanding academic success.

To achieve these goals, courses such as the Constitution of India and a one-week orientation programme are included as a small step towards imbibing and instilling these traits in students.

Teachers deliver lectures with acceptance and appreciation for students' diverse ideas, opinions, and learning styles, and they make a concerted effort to understand students' racial and cultural characteristics.

In addition to the curriculum, additional communication and soft skills classes are held to help students from diverse backgrounds to communicate effectively.

Grievance Redressal and Women Development cells aim to provide social protection, promote tolerance and harmony, reduce vulnerability, build human capital, empower women, and promote cultural and regional inclusion.

Industrial visits expose students to practical challenges and also mould them to adapt to one another in order to foster tolerance and harmony within the organisation.

The Extra-Curricular Committee encourage students to participate in a variety of activities in order to interact with one another and share their opinions and disagreements in a constructive

manner .

- Awareness program on voting process to the student and staff.
- Road safety awareness programme.
- Extracurricular activities
- Cultural Programs
- Women's day celebration
- Independence and Republic day celebration
- Student welfare awareness programs

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

Response:

India, as a country, includes individuals with different backgrounds, viz., cultural, social, economic, linguistic, and ethnic diversities, governed and guided by the Constitution irrespective of caste, religion, etc., College sensitise the students and the employees of the institution to the constitutional obligations about values, rights, duties, and responsibilities of citizens, which enable them to conduct themselves as responsible citizens. To equip students with the knowledge, skills, and values that are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible and affordable learning environment. These elements are inculcated in the value system of the college community. The students are inspired by participating in various programmes on culture, traditions, values, duties, and responsibilities by inviting prominent people. The institute conducted awareness programmes on the ban on plastics, cleanliness, Swatch Bharat, etc., involving students. As a small step toward instilling constitutional obligations in students, the curriculum includes mandatory courses such as Professional ethics and human values, the Constitution of India, and the Essence of Indian Traditional Knowledge.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals
<p>Republic Day and Independence Day:</p> <p>Every year, the Institution hoists the National flag on Republic Day and Independence Day and presents medals and certificates to the students for their best performance in extracurricular activities.</p> <p>Teachers Day :</p> <p>The Institution celebrates Teacher's Day commemorating the</p>

birthday of Dr. Sarvepalli Radhakrishnan, a great teacher. On that day the Institution felicitates BEST TEACHERS in the institution

Engineer's day:

Engineer's Day is celebrated by the Institution on September 15th to commemorate Sir Mokshagundam Visvesvaraya's birth anniversary. The students create and show a variety of project models.

National Science Day:

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman Effect by Indian physicist Sir CV Raman. Different project models are developed and exhibited by the students.

International Women's Day:

Women's Day is celebrated on March 8th by the Women Development Cell, which hosts a variety of events and competitions. On that day, the institution honoured the BEST WOMEN EDUCATORS and ENTREPRENEURS.

International Yoga Day:

Every year on June 21st, the Institution commemorates International Yoga Day. The session involves an introduction to yoga, its mental and physical advantages, as well as actual yoga asana performance.

Pongal Celebration:

It is a celebration to thank the Sun. It usually falls on the 14th or 15th of January each year

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

Response:

Best Practice - 1:

Title of Practice: Value-added course

Objective: To provide pupils with a better grasp of what the industry expects of them

The Context: Value-added courses are offered to fulfill the needs of the industry

The Practice: Students are given value-added courses to assist them in strengthening their skills in product design and development.

Evidence of Success: Many students are placed in MNCs and core organizations.

Problems Encountered and Resources Required: To conduct these types of courses outside of the academic syllabus, students must have completed their academic courses and examinations.

Best Practice - 2 Title of Practice: Industry Institute Partnership

Objective: •The broad objective of the Industry Institute Partnership is to reduce the gap between industry expectations (practice) and academic limitations by direct involvement of industry.

The Context: •Arranging industrial training for students and faculty members.

The Practice: Encourage and assist students find excellent internship opportunities to gain practical experience. Faculty can undertake R&D projects by Identifying the scientific and technological requirements of the industry.

Evidence of Success: Students are seeking practical knowledge and experience in the industrial context, which will lead to career

and employment opportunities.

Problems Encountered and Resources Required: Higher education is strongly influenced by academic research on education, which frequently leads manufacturing and industrial enterprises to complain that recent engineering graduates are not industry-ready.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Response:

1. The Vision, Mission and Objectives of the institution is to create an ambience in which new ideas, research and scholarship flourish, and from which the leaders and innovators of tomorrow emerge.
2. The institution provides scholarships to meritorious students every year.
3. Faculty are well qualified having a good period of experience to deliver matured, quality lectures to the students to benefit their I-Q level & boost their caliber & personality in all sense.
4. The institution provides good Institute - Industry Linkage established through MoU's to the students and faculty.
5. Institution has best academic practices based on well-defined attributes and AICTE mandated key performance indicators.
6. Guidance is given to students to participate for competitive exams through intensive coaching by the faculty members.
7. Faculty members are motivated for Journal publications in Quality Journals
8. The library of the College has an excellent collection of reference books and journals. IEEE full Access is also provided.
9. Training and placement cell trains the students and assists them for getting placed in multinational companies through campus recruitment

10. Institution is surrounded by enormous green trees and efforts are being taken to ensure green coverage

7.3.2 - Plan of action for the next academic year

1. Improve NIRF ranking of our institution.
2. NAAC Reaccreditation Process
3. Improve MOUs with foreign universities and Industries
4. More activities to create an Incubation Centre for projects.
5. The institution plans to focus more on Research and Development by increasing the publications of faculty and students
6. Increase funding through R & D projects from different funding agencies
7. Undertake more Consultancy assignments.
8. Product based research leading to patent filing to be increased.
9. Encouraging the faculty to conduct and attend more number of STTP/ FDP/Seminar/Workshop/Conference
10. Encouraging the faculty and students to undergo industrial training and do industry related projects
11. Encouraging the students to attend Competitive Exams
12. Students' Startup initiatives
13. Motivate faculty and students to do Higher Education
